September 4, 2020

Dear VLC Families,

Welcome to the Vanderbilt Learning Center! We are excited for another year full of friendship and discovery. You are an important part of our school family just by being here. As the teachers prepare to welcome their students, the VLC Parent Team is ready to help too. The mission of our Parent Team is to enhance the educational experiences and well-being of our students, while supporting our families, teachers, church and staff.

With your help, we typically plan all kinds of activities throughout the year. However, this year has been anything but typical! We will be working together on creative and fun ways to stay connected given ever-changing circumstances. We are committed to keeping you informed. Check out the website at [www.vpcnaples.org/preschool](http://www.vpcnaples.org/preschool) and request to join our private Facebook group — VLC Growing, Caring, Sharing! Be sure to hop into your teacher's Facebook classroom too.

Some of our events in the past have included the student art show, holiday celebrations, family dinner nights, school-wide play dates, concerts, Teacher Appreciation Week, charitable giving and more. We would love to have your involvement. If you are interested, please let me know. Our first planning meeting (Zoom) is scheduled for Friday, October 2<sup>nd</sup>. There will be all kinds of ways to contribute, no matter what your schedule.

We are grateful that you have chosen to share your amazing children with us. Let's work together to help our students and school SHINE! Have a wonderful first day everyone. Hooray!

Warm Regards,

*Lindsey Manring*

Your 2020-2021 VLC Parent Team Chairperson
